- (l) The Chairman may close or recess the hearing immediately if, in his opinion, these Rules are being violated and/or the hearing is becoming unruly.
- (m) In the case of definitive plans additional informal discussion may be permitted by the Chairman.

SECTION 5. ACTIONS BY THE BOARD

Section 5.1. Voting Requirements

The concurring vote of a majority of the Board present shall be necessary in any action taken by the Board unless otherwise required by law. The record shall show the vote of each member upon each question. The Board shall, in addition, set forth clearly the reason(s) for its decision.

Section 5.3. Reconsideration

When a petition or application has been voted upon and the meeting adjourned, there shall be no reconsideration of a decision of the Board, absent any appeal.

Section 5.4. Reapplication

In order to have a petition reheard within two (2) years, the Board must find specific and material changes in the conditions upon which the previous unfavorable action was based and describe such changes in the record of the proceedings. A petition for reconsideration will only be considered when all but one of the members of the Planning Board consents thereto in accord with Massachusetts General Laws, Chapter 40A, Section 16.

Section 5.5. One Year Limitation on Approval/Extensions

If an application is approved by the Board, all permits necessary for the prosecution of the work shall be obtained and construction shall be commenced within six (6) months and completed in one (1) year from the date of filing of the Board's decision in the office of the Town Clerk, unless the Board otherwise provides in the decision. A reasonable extension of said time may be granted by the Board in the case of an appeal to the Superior Court or District Court under General Laws, Chapter 40A, Section 17, or for other good cause shown.

Section 5.6. Decisions

- (a) The decision of the Board shall be made as follows:

 - {2} in regard to a definitive plan within sixty (60) days after filing, unless otherwise specified by statute.
- {b) When granting approvals of site plans, definitive plans or special permits, the Board may impose conditions and/or limitations both of time construction and use, and a continuation of the use permitted may be conditioned upon compliance with said conditions and/or limitations.
- (c) The Planning Board shall cause its decisions to be filed with the Town Clerk within fourteen (14) days, except in the case of a preliminary or definitive plan within sixty (60) days of the filing. A notice of such decisions shall be mailed forthwith to the petitioner, to all parties to whom notice of the hearings was mailed, and to every person present at the hearing who requested that notice be sent to him and stated the address to which such notice was to be sent, the Building Inspector, and where applicable, to the Board of Health, the Conservation Commission and other Town boards or departments.
- (d) The Board's decision becomes final when the decision is filed with the Town Clerk, the appeal period has expired and the decision duly recorded as provided in (e) below.
- (e) No special permit approved by the Board shall take effect until a notice of such approval signed by the Board is recorded in the Southern Berkshire District Registry of Deeds. The recording of such notice is a responsibility of the petitioner receiving the variance or special permit.

Any advice, opinion, or information given by any Board member or any other official or employee of the Town shall not be binding on the Board.

SECTION 7. CONFLICT OF INTEREST

SECTION 8. ASSISTANCE

The Board may hire a secretary and professional assistance as needed for the conduct of its duties. Personnel added to the payroll of the Town are subject to the job description, personnel regulations, and appropriations voted by the Town meeting or adopted by the Board of Selectmen.

SECTION 9. FEES

In addition to the filing fee (see Section 3.4), the Board may establish fees for inspections and processing costs in accord with the Rules and Regulations covering the Subdivision of Land.

SECTION 10. APPLICATION REVIEW FEES • SPECIAL MUNICIPAL ACCOUNT

Section 10.1. Intent

- (a) When reviewing an application for permit/approval the Board may determine that the assistance of outside professional expertise and/or consultants is warranted due to the size, scale or complexity of a proposed project or because of a project's potential impacts.
- (b) The Board may require that applicants pay a 'review fee' consisting of the reasonable costs incurred by the Board for the employment of outside professional expertise and/or consultants engaged by the Board to assist in the review of an application.

Section 10.2. Professional Expertise/Consultants

- (a) In hiring outside professional expertise and/or consultants, the Board may engage engineers, planners, lawyers, urban designers, regional planning agencies or other appropriate professionals who are qualified and capable of assisting the Board in analyzing a project to ensure compliance with all relevant laws, ordinances/bylaws, and regulations.
- (b) All consultants selected by the Board must meet minimum qualifications consisting of:
 - (1) an educational degree in, or related to the field at issue, from a recognized public or private college or university, or
 - (2) three or more years of practice or experience in the field at issue or a related field.

- (c) The selection made by the Board shall be recorded with the Office of the Town Clerk with written notice to the applicant within five business days of the Board's final selection(s).

Section 10.3. Establishment of Special Account

- (a) Funds received by the Board pursuant to this section shall be deposited with the municipal treasurer who shall establish a special account for this purpose.
- (b) The following fee schedule shall be adhered to in determining the review fee required for the establishment of the special account.

Preliminary subdivision	\$2,500
Definitive subdivision	\$7,500
- (c) If review funds charged are insufficient to cover the costs of outside professional expertise and/or consultant review, the Board may require the applicant to pay an additional review fee to cover these costs provided these costs are reasonable and directly related to the project undergoing review.
- (d) Expenditures from this special account may be made at the direction of the Planning Board without further appropriation. Expenditures from this special account shall be made only in connection with the review of a specific project or projects for which a review fee has been, or will be, collected from the applicant.
- (e) Failure of an applicant to pay a review fee shall be considered as an incomplete application and therefore not allow the application to go forward.

Section 10.4. Use of Funds

- (a) Review fees may only be spent for services rendered in connection with the specific project for which they were collected. These services shall include, but not necessarily be limited to: project reviews, document reviews, and project-related inspections. Accrued interest may also be spent for this purpose.
- (b) If the outside consultant review begins and expenses are generated prior to the filing of a formal administrative appeal, all such expenses, up to the time of appeal, shall be paid out of the special account for that particular project.
- (c) At the completion of the Board's review of a proposed project, or at a time determined at the submission of the application/permit, any excess amount in the account, including interest, attributable to a specific project, shall be repaid to the applicant or the applicant's successor in interest.
- (d) A final report of the status of said account shall be made available to the applicant or the applicant's successor in interest.
- (e) For the purpose of this regulation, any person or entity claiming to be an applicant's successor in interest shall provide the Board with documentation that legally establishes this succession in interest.

Section 10.5. Method of Appeal

- (a) Any applicant may take an administrative appeal from the selection of the outside professional expert and/or consultant to the Board of Selectmen. The grounds for such an appeal shall be limited to claims that the consultant selected has a conflict of interest or does not possess the minimum, required qualifications.
- (b) Any applicant aggrieved by a selection of an outside consultant may appeal to the Board of Selectmen, provided that such appeal is entered within seven days after such

selection has been made as recorded in the Office of the Town Clerk. An appeal will not be considered valid unless it is formally filed with the Office of the Town Clerk with a copy given to the Board of Selectmen.

- (c) The applicant should notify the Planning Board of its intention to seek a waiver of appeal at the earliest possible time in the review and consultant selection process. If the applicant fails to sign and/or file a formal waiver of appeal, this action will be then viewed as an intention to appeal on the part of the project applicants. Failure to inform the Board of such intention of appeal may result in the delay of start-up of the town outside review services.
- (d) In acting on an administrative appeal, the Board of Selectmen may determine that:
 - (1) a conflict of interest does exist, and/or the consultant does not meet the minimum qualifications, therefor the Board must select another consultant, or
 - (2) a conflict of interest does not exist, and/or the consultant does meet the minimum qualifications, therefore the selection made by the Board stands.
- (e) The required time limit for action upon an application by the Board shall be extended by the duration of the administrative appeal, beginning from the date of filing of such appeal. In the event that no decision is made within one month (30 days) following the filing of the appeal, the selection made by the Board shall stand.

RE: Requirement of all parties seeking permits and licenses under M.G.L. c. 152

Dear Sir or Madam,

Pursuant to M.G.L. c. 152, §25A, all employers conducting business in the Commonwealth of Massachusetts must carry a valid workers' compensation policy at all times. Please be advised that no business or organization may be issued a license and/or permit, as required by local by-law or ordinance, without providing proof of workers' compensation coverage. Proof of coverage should be verified by contacting the insurance carrier directly or the Department of Industrial Accidents (DIA), Office of Insurance at 800-323-3249.

Should any party seeking a permit declare that they are not required to carry workers' compensation insurance, they must sign a sworn affidavit that no such coverage is required per the above mentioned statute. Attached please find a copy of the DIA Workers' Compensation Insurance Affidavit. A copy of the signed affidavit must be sent to the DIA at the above address. We request that you disseminated this letter to all offices, boards and commissions within your municipality that have the authority to issue any licenses or permits.

Sincerely,

Gregory J. White

Information and Instructions

Massachusetts General Laws chapter 152 section 25 requires all employers to provide workers' compensation for their employees. As quoted from the "law", an *employee* is defined as every person in the service of another under any contract of hire, express or implied, oral or written.

An *employer* is defined as an individual, partnership, association, corporation or other legal entity, or any two or more of the foregoing engaged in a joint enterprise, and including the legal representatives of a deceased employer, or the receiver or trustee of an individual, partnership, association or other legal entity, employing employees. However the owner of a dwelling house having not more than three apartments and who resides therein, or the occupant of the dwelling house of another who employs persons to do maintenance, construction or repair work on such dwelling house or on the grounds or building appurtenant thereto shall not because of such employment be deemed to be an employer.

MGL chapter 152 section 25 also states that every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business or to construct buildings in the commonwealth for any applicant who has not produced acceptable evidence of compliance with the insurance coverage required. Additionally, neither the commonwealth nor any of its political subdivisions shall enter into any contract for the performance of public work until acceptable evidence of compliance with the insurance requirements of this chapter have been presented to the contracting authority.
